

Application No. 10/800,789

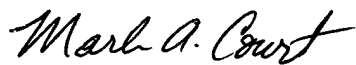

REMARKS/ARGUMENTS

Claims 1 and 2 in the Listing of Claims are submitted with the proper status identifiers in response to the Notice of Non-Compliant Amendment (37 CFR 1.121) mailed by the USPTO on August 22, 2005.

Claim 1 in the application is canceled and claim 2 is submitted as new.

The new claim (claim 2) is also provided in compliance with both the Claim Objections and Claim Rejections in the Office Action Summary mailed by the USPTO on July 18, 2005. I included this new claim (as written) with my reply letter to the Office Action Summary. In my reply letter I responded with my respectful disagreements (arguments) to the Claim Rejections in the Office Action Summary. I faxed and mailed my reply letter (and new claim) to the USPTO on August 15, 2005. A copy of my reply letter to the Office Action Summary is provided with this correspondence for reference.

Respectfully submitted,

A handwritten signature in cursive script that reads "Mark A. Court".
